

HS Art
Ms. Harrison

Welcome to High School Art!

This is an elective class and I'm so glad you chose art! As an elective, I assume that you want to be here and will do your best to complete each project or assignment.

Studio based work:

This class will be primarily a studio based class, which means that most of what you do in art will be creating artistic projects. We will look at some historical artists and art trends as a means to develop your own art skills. Each week you will begin a new project, then have multiple days to complete that project. Two projects will be completed if time allows. Projects are graded on a rubric.

Sketchbook Drawings:

Please purchase a 9 x 12 sketchbook. Two weekly sketchbook drawings are due in class every Friday.

Art Appreciation:

Once per month there will be an art appreciation assignment posted online in Otus. This will include a link to a Google Classroom assignment for this class. You MUST join the Google Classroom. Each assignment is to be completed within that online assignment. Each assignment will look at one historical or contemporary artist whose work we will later emulate during an in-class studio project.

Grades:

There are three components to your grade:

Projects: 80%

Sketchbook Drawing: 10%

Art Appreciation: 10%

If you have questions, please don't hesitate to ask!

Looking forward to a great year with you,
Ms. Harrison
